

Julie Stookey, MBA

Industry Contract Manager

Office of Innovation and Industry Alliances

H. Lee Moffitt Cancer Center and Research Institute, Inc.

Julie is the Industry Contract Manager in the Office of Innovation and Industry Alliances (“Innovation Office”). She is responsible for leading the Support Services Business Unit in the Innovation Office. Her business unit is responsible for negotiating hundreds of various research agreements each year including confidentiality agreements, material transfer agreements and data sharing agreements. Additionally, her team coordinates the protection and maintenance of Moffitt’s significant intellectual assets via patents, trademarks, and copyrights.

Prior to joining Moffitt, Julie worked for Bausch and Lomb Pharmaceuticals and Bristol-Myers Squibb as a Contracts Manager. Julie has 19 years of experience analyzing and negotiating contracts.

Julie has earned multiple Customer Supplier and Quality Awards including consecutive awards from Cardinal Health and Florida Power and Light. Julie was a member of the Employee Laser Lean Transformation Training Team and also a Champion of Product Teams which evaluated new product offerings.

Julie has a Bachelor of Arts in Human Resources from the University of South Florida and a Masters of Business Administration from the University of Phoenix. She also has a Green Belt in Six Sigma from Villanova University (online).
